This event is scheduled in a virtual, live-streaming webinar format. To meet the regulatory and education requirements, participants must stay for the entire event to receive credit. Sign-in and sign-out times, as well as attentiveness, will be verified before credit is issued. The program will NOT be recorded, so you MUST attend on the day the event is scheduled. Contact [Amy Huisman](#) for details or questions.

Overview

In this session, practical information about ethics is provided from a clinical perspective. Core ethical principles as they relate to health care and senior care are reviewed. Behaviors that are considered unethical by most credentialing bodies are considered as well as legal and ethical issues typically encountered in one's daily profession. The course applies models for analyzing and resolving ethical dilemmas in health care including CELIBATE, RIPS, and the Rest Four Component Model. Case examples illustrating various ethical dilemmas and issues that can take place in senior care settings are offered to enhance learning.

Learning Objectives

By the completion of the presentation, attendees will:

- State basic principles of ethics and their application to legal responsibilities in health care.
- Describe common ethical issues in health care, including that which is considered unethical and/or unlawful by credentialing boards.
- Discuss the application of ethical models for analyzing and resolving ethical dilemmas in health care.

Who Should Attend

Social Workers, Nursing Home Administrators, CEOs, Nurse Leaders, Department Heads, and other staff needing to meet this ethics requirement. Appropriate for nursing home, assisted living, home and community based services, and adult day services.
