This event is scheduled in a virtual, live-streaming webinar format. To meet the regulatory and education requirements, participants must stay for the entire event to receive credit. LeadingAge Iowa along with LeadingAge and Pathway Health have provided members with [Phase 3 Requirements of Participation \(RoPs\) resources and tools](#) since it was released in June. If you're still looking for further assistance with the implementation process, LAI is now partnering with LeadingAge Nebraska and LeadingAge Maryland to offer a virtual training opportunity. More than 30 CMS F-tags are being updated or added as part of the Phase 3 RoPs effective October 24, 2022. We will cover the updates to ensure participants remain in regulatory compliance. There will be breakout sessions to give participants a chance to think like a surveyor and evaluate compliance.

- Verbalize understanding of the regulatory changes for Phase 3 RoPs.
- Evaluate side rails to ensure they are safe and compliant.
- Ensure they are providing the newly required trainings to all staff.
